# Activity Four - GarageBand Task Brief

## Task

Using the resources supplied, poem, story or picture, create a soundscape using GarageBand. Export your work into Clips.

## Intentions/Outcomes

1. Create a soundscape of no more than 2 mins.
2. Demonstrate creative skills including use of loops, voice record and mixing.
3. Plan and enhance the task using the Storyboarding Template.
4. Use relevant apps.
5. Collaborate with other Learners to carry out your task.

## Evidence

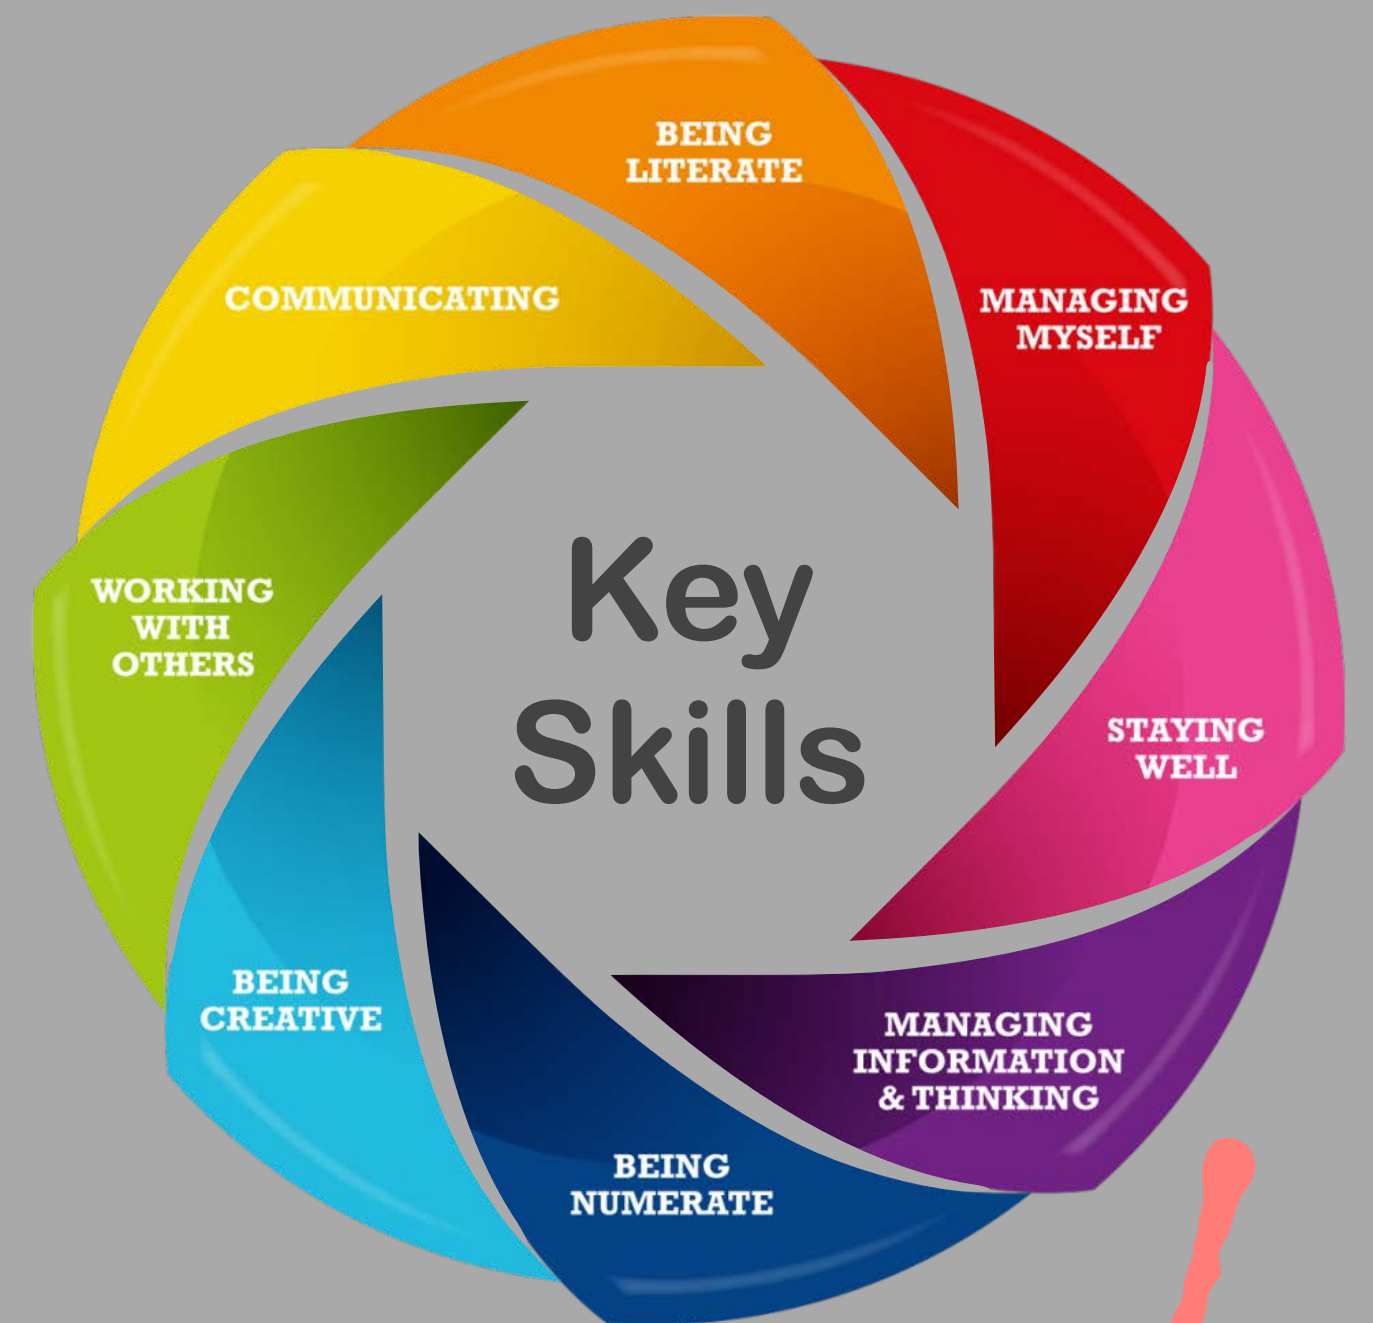

1. Project plan/storyboarding template.
2. Task demonstration
3. Task script
4. Soundscape

## Extension Support

Use tracks to enhance the task.

Assign task roles.

## Key Skills

## Subject Knowledge and Skills

1. Planning
2. Researching
3. Evaluating
4. Working within time limits

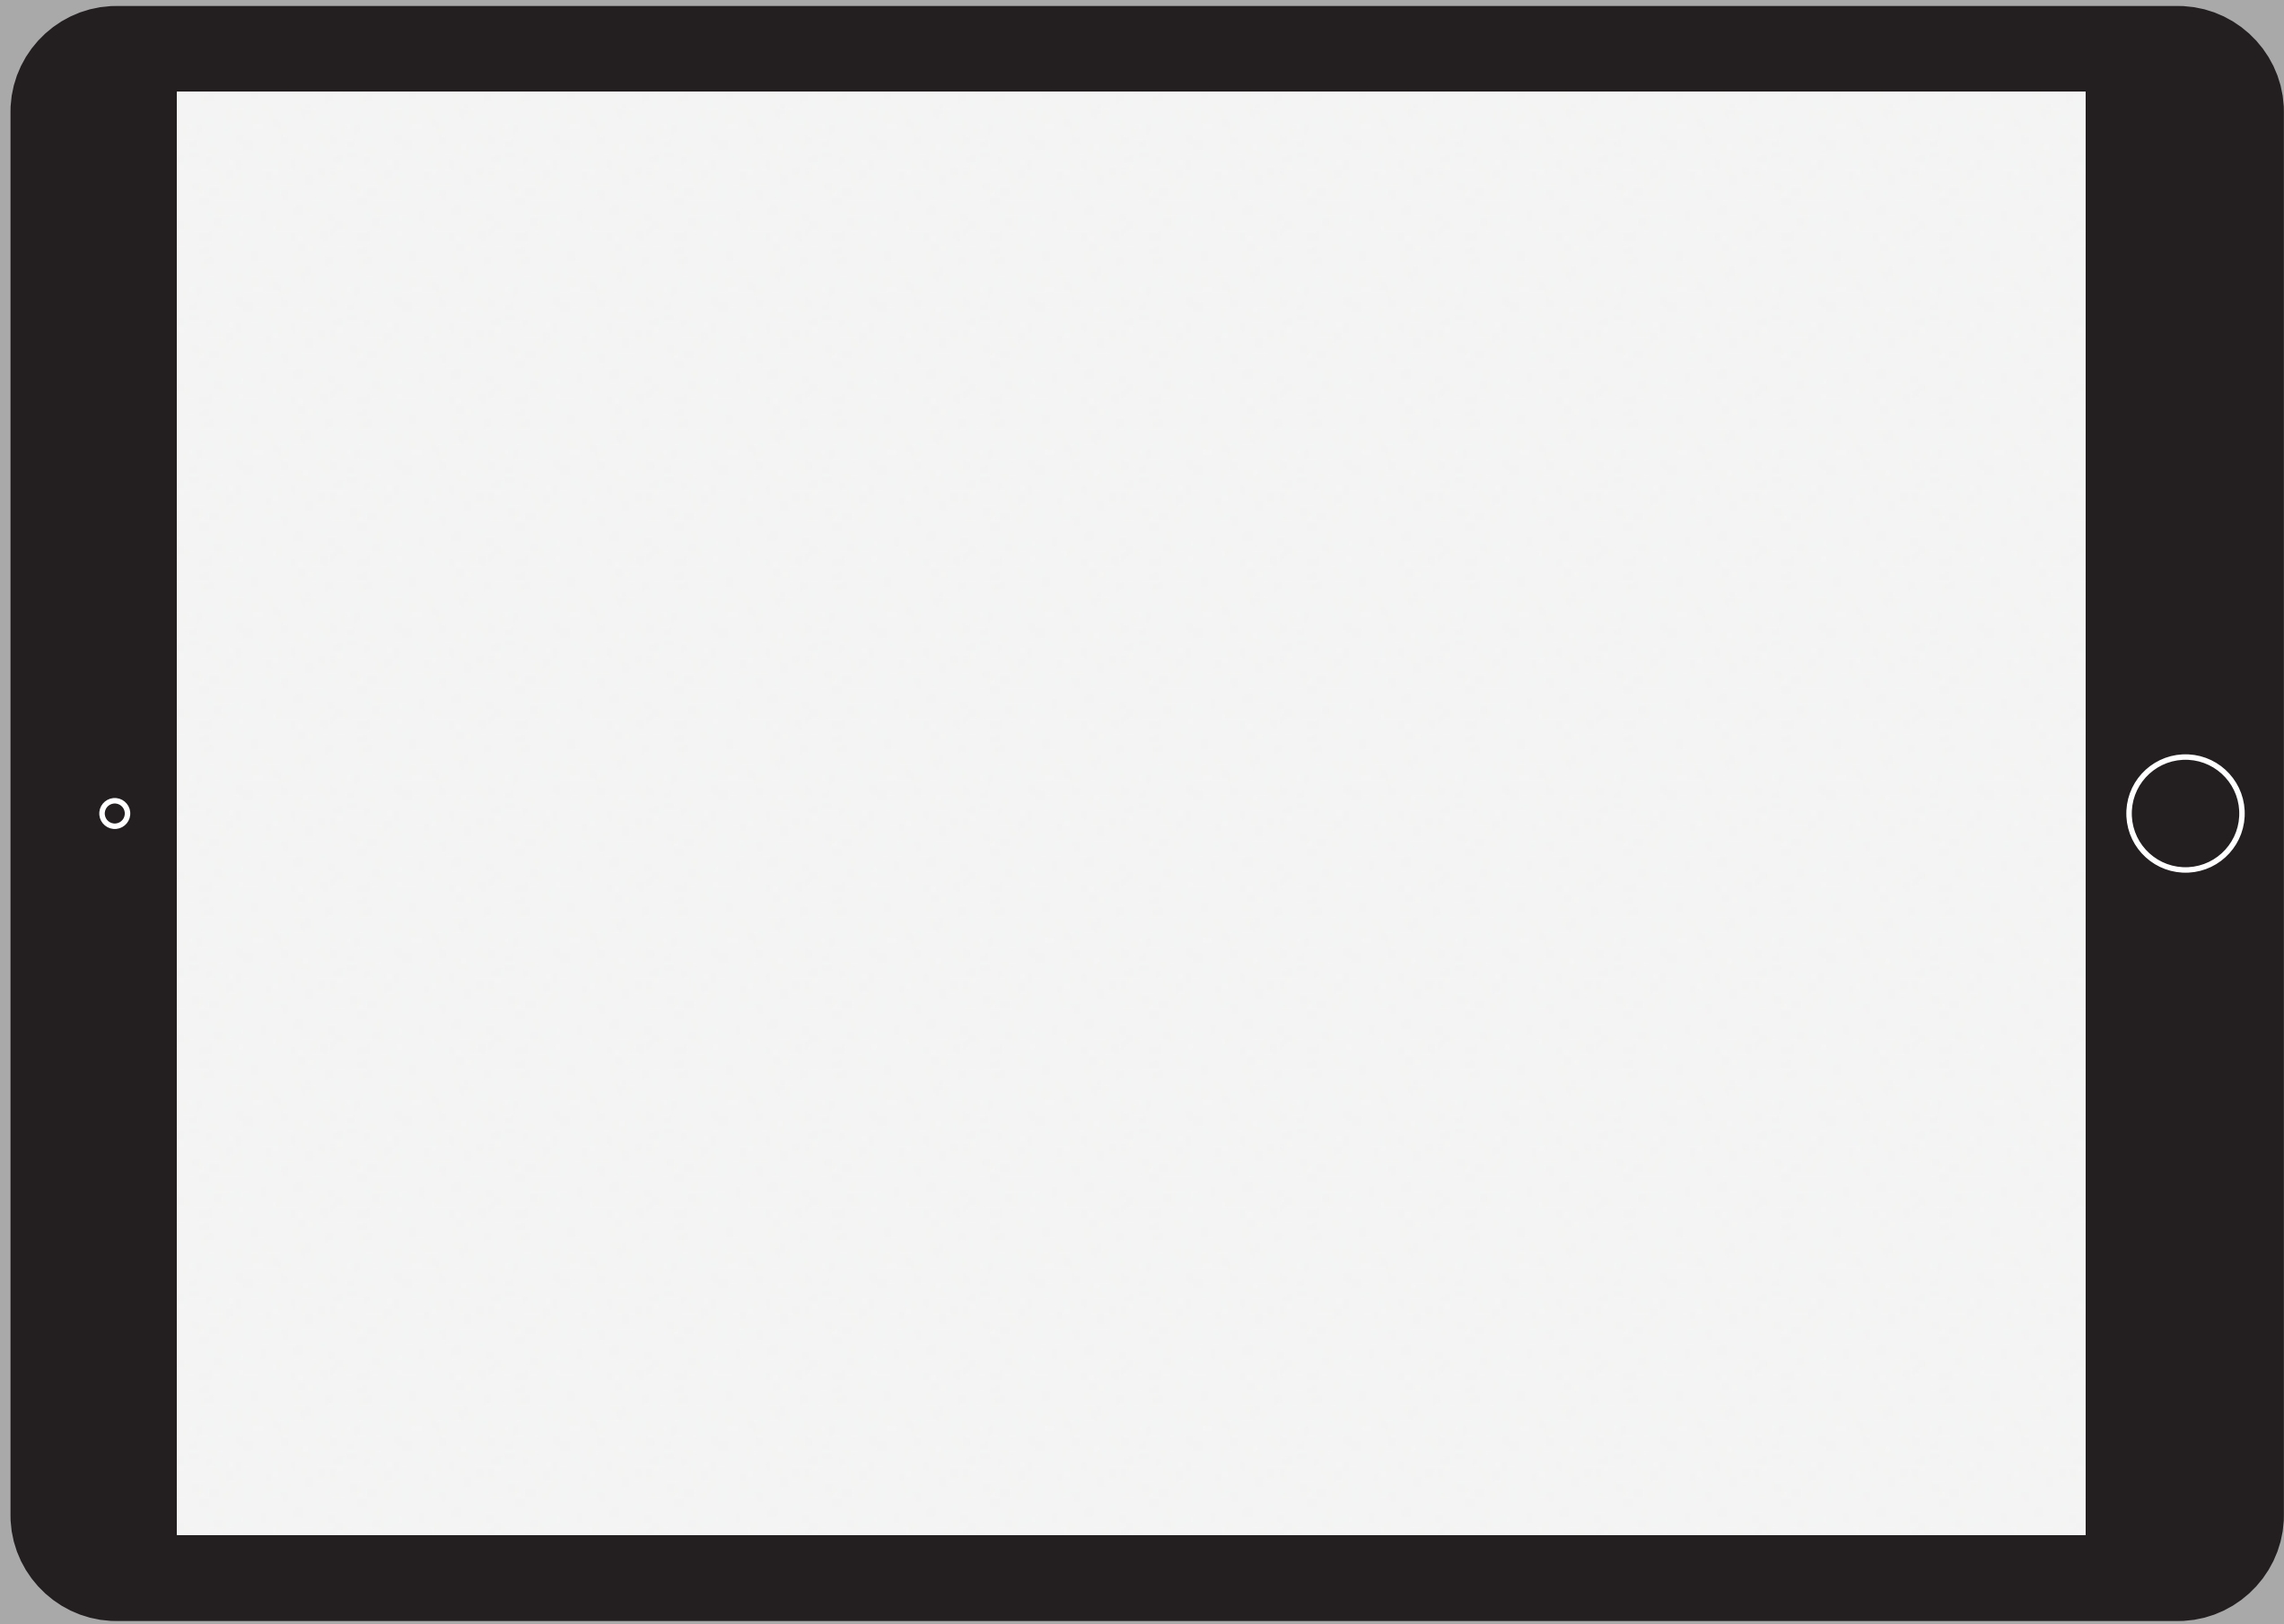

## Technology Knowledge and Skills

1. Use GarageBand to create the soundscape.
2. Use Share to export your task.

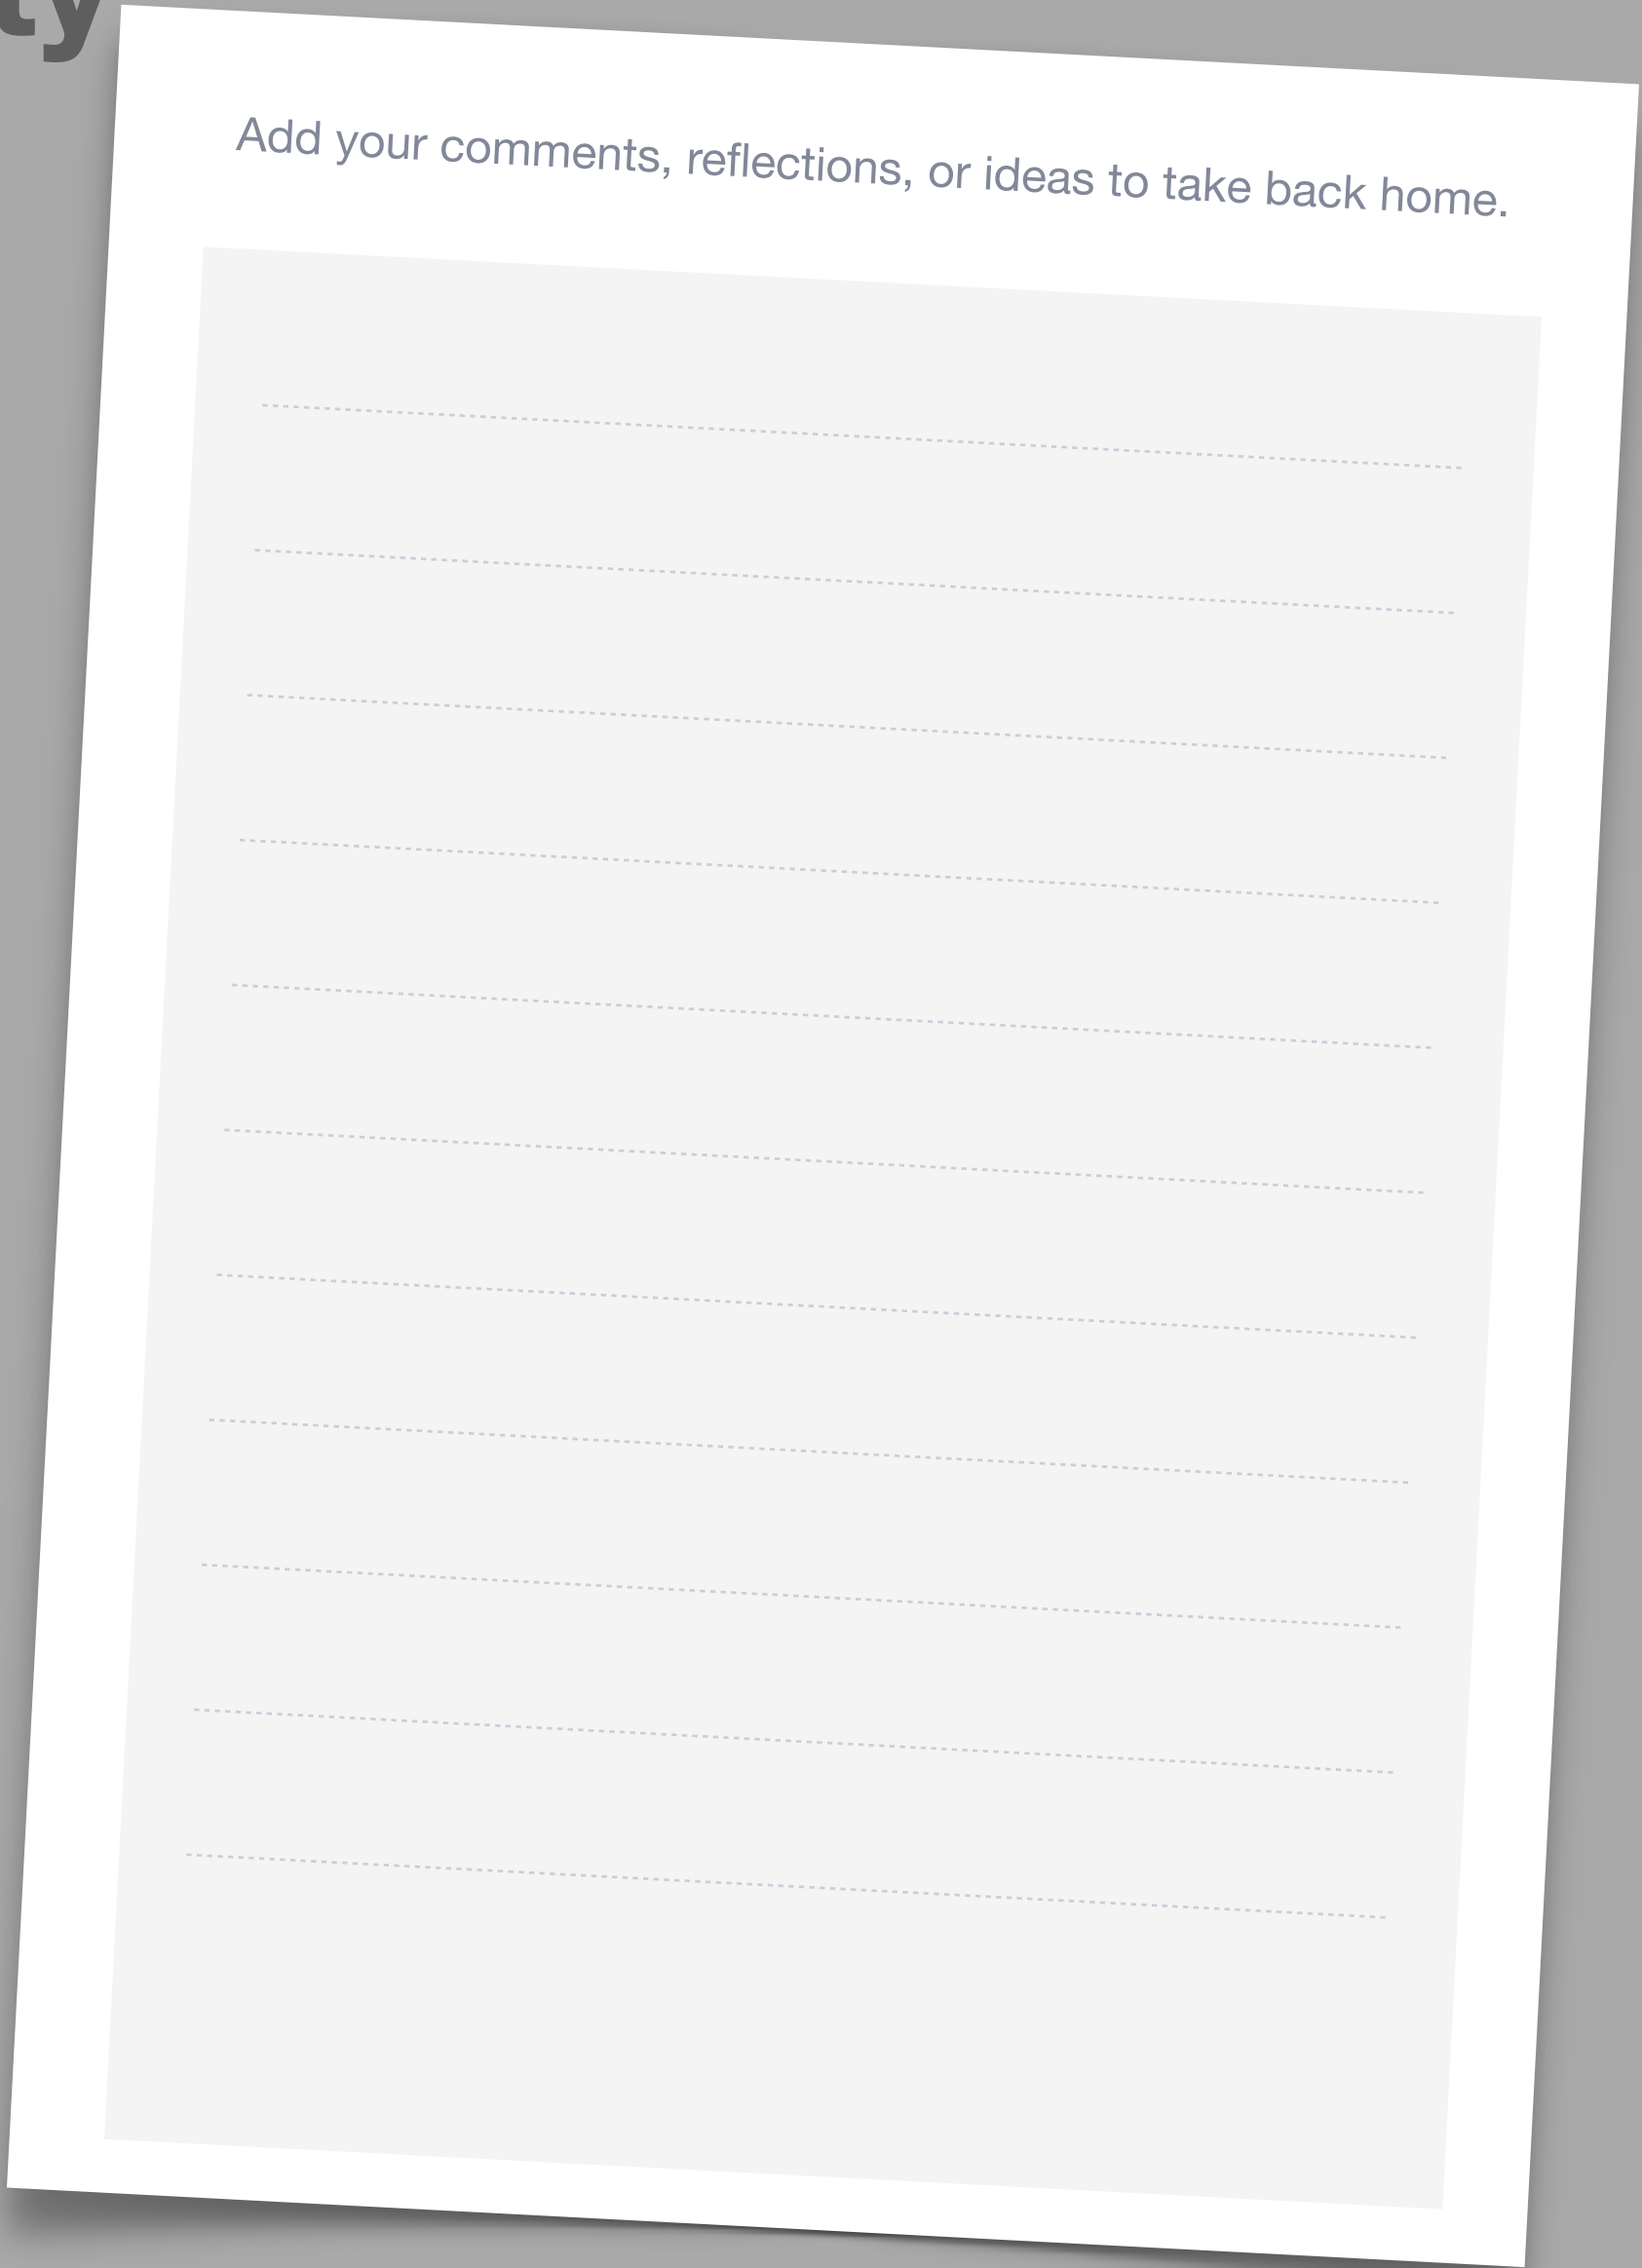

# Activity Four - My Soundscape Activity

Use this section to capture what you made and your ideas for taking this activity back to your school.

Export your Soundscape as a Song into Clips.  
Then tap  to add your Clips from the library.

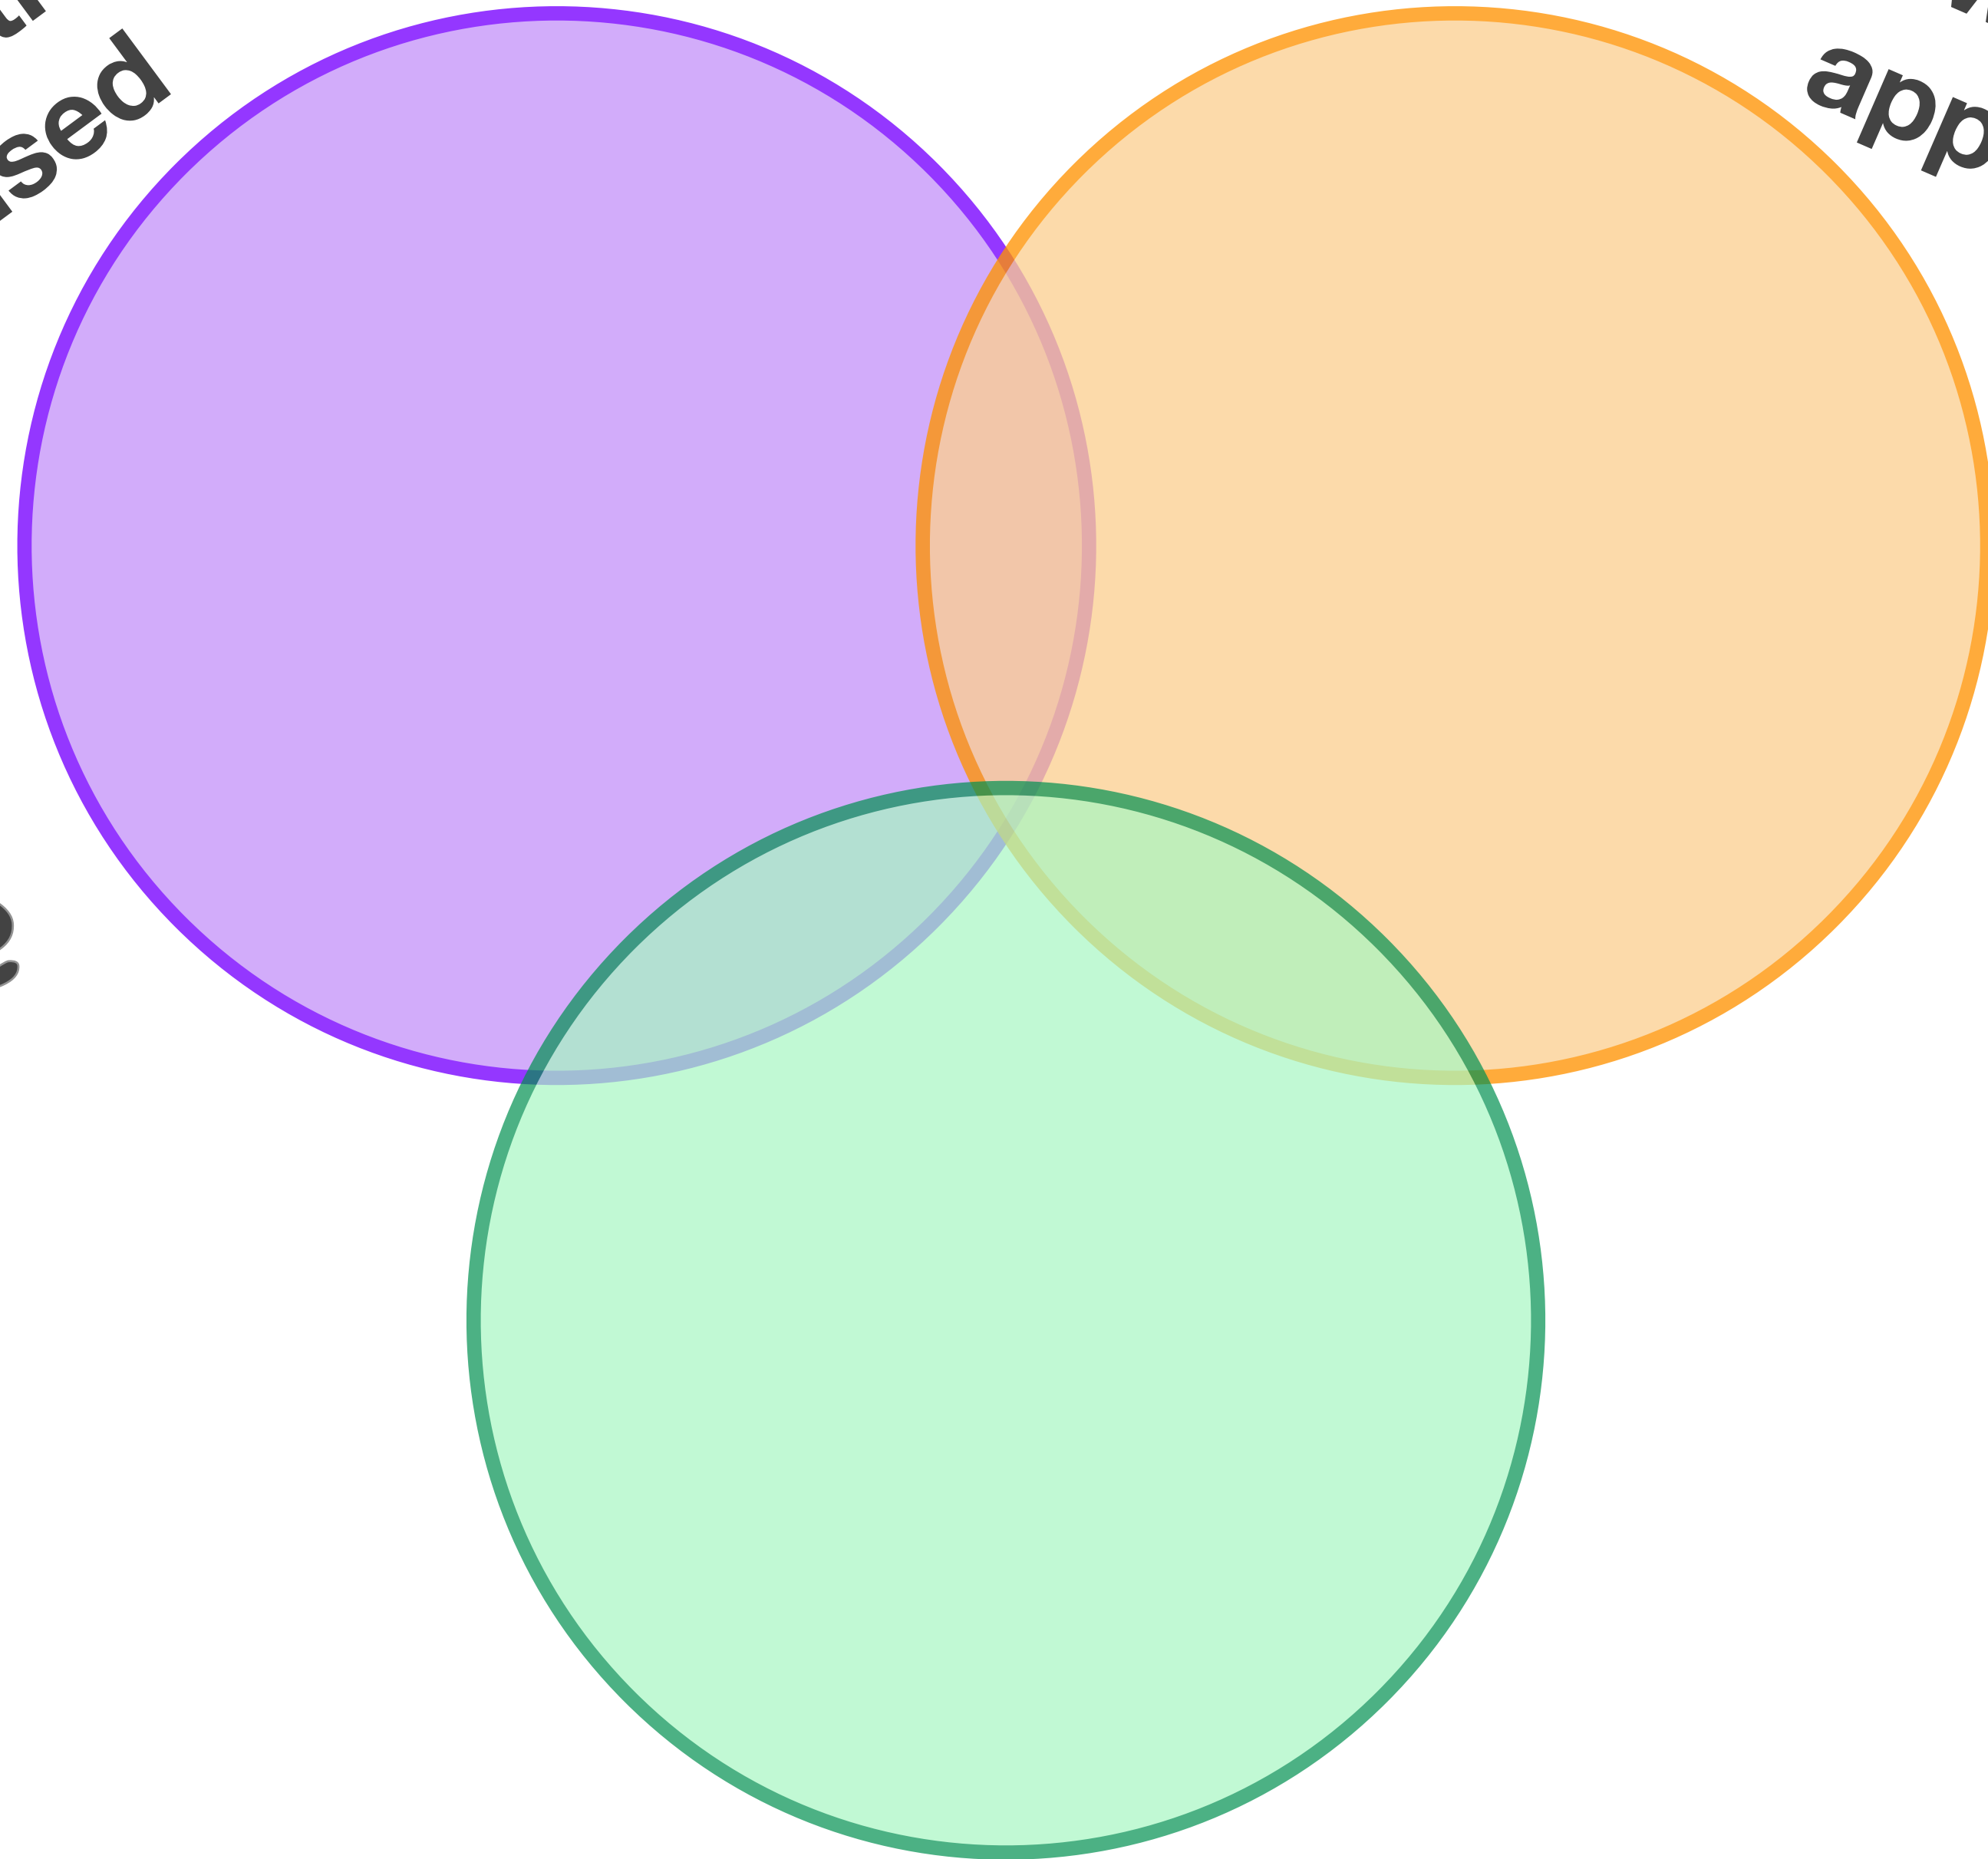

# Reflection

A rectangular area representing a sheet of lined paper. It has a light gray background and contains ten horizontal dashed lines, evenly spaced, for writing. The paper is set against a white background, which is itself on a light gray surface.

Identify the  
app used

How was the  
app used?

Activity Five

How was learning enhanced?

# Activity Six
